## Cascades PRO Perform Dinner Napkins, 1-Ply, Natural, 376 napkins, 16 units/pack, Recycled, Certified

Help reduce napkin consumption and waste in foodservice settings, cafeterias, ice cream stands and fast-food restaurants with Cascades PRO Perform® Interfold Natural Napkin twin packs. Dispensed one-by-one with a Cascades PRO Tandem® dispenser, these napkins deliver consistent quality while allowing more cost-effective and hygienic use. Natural brown in colour and made from 100% recycled fibre, these napkins are respectful of the environment. With 376 sheets per pack, each napkin is 1/4 folded, ensuring convenient individual dispensing. Ideal for high-traffic locations, these napkins are compatible with Tandem® C4 interfold napkin dispensers. The larger packs help limit the frequency of dispenser refills. Suitable for industrial and municipal composting facilities, but not for home composting.
